12. Post has found no credible information relating to human rights violations of any kind by these individuals. Post would like to highlight that Gambay Muradov was the supervisor for Haji Mammedov, an MIA officer implicated in February 2005 for running a kidnapping and extortion ring for nine years. However, Muradov was Mammedov's supervisor only for three months. Post has researched the issue with sources informed about MIA operations and personnel and is confident that the possibility Muradov knew of Mammedov's actions and was complicit in any cover up is sufficiently low. Additionally, while Orkhan Gahramov worked in the same unit (Criminal Search Department) as Muradov and Mammedov, he worked in a separate section under that unit. Post has also researched his position with sources informed about MIA operations and is confident he would not have known or been complicit in Mammedov's activities.

¶3. As required by the Leahy Amendment, post requests Department's confirmation that all legal requirements have been met and that the individuals are eligible to participate in the training.

¶4. Post requests Department review and respond by April
¶11. This training is scheduled to begin on 17 April.
